Michigan Rush CA is part of the worldwide Rush Soccer program that represents more than 39,000 youth soccer players (29 domestic and 17 international Rush Soccer clubs). Rush Soccer is committed to the development of youth soccer players and provides players with the finest soccer experience.

Rush CA provides Capital Area soccer players with an accessible, elite player development program. Our goal at the Rush Soccer Club is to develop players. We define a player as not just an athlete who wins medals, but as someone who possesses solid character traits, these traits are defined within our [Rush Core Values](#). This is the Rush Way!

- **A complete developmental pyramid.** Regardless of a child's age, ability or financial status, we will find a place for them to play. That goes for a 16-year-old with dreams of playing professionally to a 4-year-old kicking a ball for the first time. As your player grows in ability and interest, he or she can move through the Developmental and Competitive programs. And if they still aren't challenged enough, we will encourage and support them in finding opportunities to play outside of Rush CA.
- **Development of the player on the field and off the field.** Rush CA takes its commitment to developing the whole player very seriously. Our in-depth player development curriculum challenges players to develop skills that will not only help them on the field but off of it too. All players receive player development evaluations.

- **Opportunities beyond Rush CA.** Through its affiliation with the Michigan Rush, a part of the international Rush Soccer organization, Rush CA players have further opportunities within Michigan, coast-to-coast and beyond. Rush CA players can and have played as guest players with Rush teams from Michigan and other states. Play on nationwide Rush Select XI "all-star" teams at prestigious events such as the President's Day tournament in Phoenix. Rush Soccer provides a nationwide framework in which Rush CA players can be affected by current and former U.S. National Team coaches, former international and MLS professionals, and internationally known coaching professionals.
