Player Placement (Tryout) Process:

We strongly recommend that players, returning and new, attend as many of the tryout sessions as possible to give themselves the best opportunity to be evaluated against all of their peers.

Arrival Time

Players should arrive between 20-30 minutes prior to the start of thier tryout.

Equipment Needed:

All those participating in tryouts will need to bring a soccer ball, shin guards and plenty of water.

Player Placement Evaluation Process:

Each tryout session will last for an hour and a half and will consist of small-sided games such as 4v4 or 7v7 and full-sided games. When evaluating players Staff evaluate each player in four different areas: technical (skill) speed of play, tactical (decision making) speed of play, physical (abilities) speed of play, and the competitive psychological traits of the player. In the first three areas identified above each player is evaluated on the speed to which they can execute skill with

success, decide when and what to do and their movement around the field. In the fourth area, psychological competitiveness, each player is evaluated on their competitive toughness: will to win, work rate and willingness to learn.

2014/15 Club Fees:

Our club fees almost entirely inclusive, some teams may wish to do more, the club support this. However, additional tournament expenses will require additional fee collection. Uniforms and Referee Fees are not included in club fees.

[Fees for 2014/15 can be found here.](#)

Monthly Payment Plans:

Michigan Rush CA offers two payment methods. During online registration families can choose to pay the full amount, or families can disperse payments over the year through our monthly payment plan.

Financial Aid:

After players are selected to a team at tryouts any family can apply for financial aid through our Scholarship Fund.
